19th April 2024

"Take care of yourself first, or you will have nothing left to give others."

Dear Parents/Carers,

This week has been just as busy as any other week in school! I don't quite know how the children have managed to complete as many activities as they have! I hope you enjoy reading about what each class has been up to in the 'Shobnall Showcase' further on in the newsletter but as a school, this week has been nothing short of extraordinary with all the various opportunities for exploration, expression and collaboration that the children have experienced.

On Monday, in celebration of World Art Day, the children became artists and delved into the mesmerising world of Vincent Van Gogh, unleashing their imagination and talent to pay homage to the legendary painter. From swirling starry nights to sun-kissed landscapes, their creations echoed Van Gogh's iconic style, illuminating our school with bursts of colour and passion! The quality of the artwork produced was tremendous and I must thank Miss Alexander for implementing and facilitating this incredible day for us!

Wednesday brought laughter and excitement as our children revelled in the whimsical delight of Pinata Smashlings! Amidst cheers and giggles, they eagerly swung at vibrant pinatas in the dance tent, met a Grammy award winning record producer, learnt a huge amount about careers in music and participated in drumming and dance workshops. As well as thanking the team of musicians and producers, I must thank Miss Martin-Mills for ensuring that the day ran smoothly for us.

We also welcomed some headteachers from the Trust into our classrooms on Wednesday, who were not only impressed by the dedication of our pupils but also moved by the depth of their learning. Their complimentary remarks served as a testament to the hard work and commitment of both our children, teachers and support staff, reaffirming our shared mission of excellence in education. Well done, everyone!

And finally, on Thursday, our Year 1 children took centre stage with a spectacular class assembly that dazzled and inspired all in attendance. With confidence and flair, they showcased their talents, knowledge, and passion about all things to do with space, leaving us all in awe of their remarkable achievements. We were very proud of them and thank you to Miss Barker and all the staff who work with Year 1 for putting together such a great assembly!

After all of this activity this week, I know the children and staff will be looking forward to a well-deserved rest this weekend! Whatever it is you have planned, we hope that you are able to relax and enjoy spending quality time together as families. As always, we look forward to seeing you all again on Monday!

Nursery Places Available for September!

We do still have a few places left in our Nursery setting for September, so please enquire if you or someone else you know within the community, would like a place in our outstanding school. Further information can be found on our school website [Admissions](#) page on how to apply for a place.

Community Safety Reminder – Booster Seat Legislation

Whatever stage your little one is at, you always want to keep them safe on the move by using an appropriate booster seat or car seat. However, the laws around booster seats and car seats can sometimes be confusing, and it's difficult to know which one you should use.

To help, we've pulled together all the rules and regulations you need to know about when your child should use a booster seat. Here are the current laws you need to know:

- All children must travel in a car seat (including booster seats) until they are either 12 years old or 135cm (150cm in Republic of Ireland) in height, whichever comes first.
- Backless booster seats: Any new backless booster seats can only be used by children who weigh 22kg or more. If they weigh less than this, they'll need to either use a car seat or a high-back booster seat (see below).
- High-back booster seats: On the other hand, booster seats with backs can be used by children weighing between 15-36kg. Again, before they reach this weight, they'll need to use a car seat.

By following these laws, you can ensure that your child always travels in an appropriate car seat. Plus, by sticking to the weight guide of your chosen car seat and buying from a reputable retailer, you can be sure that the model will have been tested appropriately with child safety ratings and will be approved for safe use for as long as recommended. We hope you find these reminders helpful.

What on Earth?

Appetite, Arts Keele and Keele University invite you to explore the nature around us and beyond with a host of hands-on activities, nature walks and inspiring talks all about our beautiful planet.

Come along on **Saturday 20 and Sunday 21 April** from **11am to 4pm** for a day of discovery! [Find out more here.](#)

Online Safety Tips

WhatsApp is the most widely used messaging platform on the planet, with over two billion users (forecast to become three billion by 2025), across more than 180 countries.

The majority of those people (70%) open the app at least once a day – but what exactly are they seeing? Contact from strangers, fake news and convincing scams are all among the service's well-documented hazards.

According to Ofcom, WhatsApp is used by more than half of 3- to 17-year-olds in the UK (including one in three from the 8–11 bracket), despite its newly changed 13+ age restriction.

If your child hops onto WhatsApp to stay in touch with friends or family, our updated guide to the service contains the key details you'll need to support them in doing it safely.

FREE Uniform!

We have FREE uniform that is available for anyone who needs it, via our donation service. There is a box situated outside the school office for any parents who have old items that they wish to donate. Please could we ask that these are cleaned and in good condition before placing in the box! Amy Roobottom continues sorting, collating and distributing this. If you wish to contact Amy to ask what is available that you might be in need of, please contact her via amyroobottom@outlook.com.

Hot Lunch Options – 22 to 26 April 2024

W/c 22 April, 10 May, 10 June & 1 July 2024

WEEK 1	MEAT FREE MONDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
Main dish		Margherita pizza with baked potato wedges	Pork sausage with creamy mash potato & gravy	Roast beef, with Yorkshire pudding, roast potatoes & gravy	Chicken burger with crispy diced potato	Crispy fish fingers with chunky chips

Jacket potato and sandwich selection		Jacket potato and sandwich selection	Jacket potato and sandwich selection	Jacket potato and sandwich selection	Jacket potato and sandwich selection	Jacket potato and sandwich selection

SHOBNALL SHOWCASE!

Let's have a sneaky peek as to what has been going on in our classrooms this week...

Nursery

Nursery adventures this week...

The children are thoroughly enjoying their new class book, 'Ten Seeds' and have been working hard completing a range of activities based on our story. They have been busy observing and noticing similarities and differences in sunflowers and have been eager to learn about plant growth. On Tuesday, the children had a lovely time at Mrs Taylor's garden and they were fascinated to learn about different flowers and blossoms and noticed lots of signs of plant growth. They were also lucky enough to plant a seed and followed instructions brilliantly.

On Wednesday, dressed in waterproofs and wellies, they headed off for their first encounter of Forest School and had a fantastic time exploring this new learning environment! They worked together as a team to make their own campfires and how to collage the initial letter of their name using blossom. We also learnt how to look carefully in order to walk over muddy pathways and had lots of fun painting trees with our mud potions. A great time was had by all!

The fun continued on Thursday and Friday with our World Art Day celebrations! The children had lots of fun learning about the artist, Vincent Van Gogh. They all showed amazing creativity in making their own representations of his painting, 'Almond Blossoms.'

Reception

Reception Adventures this week...

We started our exciting week by celebrating World Art Day with a focus on artwork by Vincent Van Gogh. We were intrigued by his painting, 'Irises,' and the techniques he used to create it. It was also great to learn about the life of Vincent Van Gogh. Did you know that he painted almost 900 paintings in 10 years?

Using Irises as our inspiration we created our own masterpieces. We had lots of fun discussing colours, shapes and how the painting made us feel. We can't wait to share our finished pieces with everyone when they are displayed in school.

"The yellow bit looks like the sun shining at the top." (Amore)

"I love the flowers they are blue and different blues." (Sada)

"It's like a sunny hot day in the garden." (Haider)

"The blue petals remind me at the beach because it's the water." (Olivia)

"It makes me happy because it is beautiful." (Harper)

"It looks like the blue sky." (Ava C)

The theme continued as we explored symmetry with mirrors to draw our own Irises, designing Irises using various materials, experimenting with oil pastels and a magnificent, huge art attack. There was one more surprise waiting...we planted some Irises in our outdoor area, we are looking forward to seeing the beautiful petals bloom.

On Wednesday we had our first Forest School session. You can find out more and see pictures of us on our forest school adventures by visiting our forest school blog on the school website.

By the time Friday arrived we could hardly contain our excitement as we headed off on the coach for an exciting visit to Pizza Express! We had a tremendous time learning about different ingredients and how pizzas are made. We kneaded dough very carefully and mixed the secret sauce before adding our toppings. Then we had fun taking part in a quiz whilst our pizzas cooked. We are looking forward to eating our yummy pizzas for tea, we might even share a slice with our grown-ups!

Year 1

What a week for Year 1! They were absolutely amazing in our class assembly and Miss Barker could not be prouder of all the children and their dedication to learning their lines. For World Art Day, the children created their own interpretation of 'The Starry Night', using the technique of printing. The children had to carve out their design on a polystyrene tile before rolling on the printing ink and printing their design. For the rest of the week, the children have been learning to measure using a ruler in maths and using adjectives to describe tigers. Well done Year 1!

Year 2

Year 2 have had a busy week this week! The children have been working hard on writing their own fairytale inspired by Cinderella. They have really thought about the magical and spectacular language to use within their narrative. In maths this week we have started our measuring unit. The children have enjoyed using centimetre and metre rulers to measure different objects around school. They have also used mathematical language to describe and compare lengths of objects. In RE this week the children have continued to learn about Islam and the theme of community and belonging. The children enjoyed a virtual tour of a mosque where they learnt of the different activities and celebrations that happen there. They have also learned about the cleansing ritual Wudu, where Miss Robina shared her knowledge and expertise with the children. Well done Year 2!

Year 3

Year 3 have had a wonderful week in Maths – they have continued learning about mass and have been comparing and ordering kg and g. In English, we have started writing descriptions of settings based on a mystery story. The children have also had a great time learning about Vincent Van Gogh as part of World Art Day. We can't wait to show you our final masterpieces! All in all, a super week Year 3! Keep it up!

Year 4

What a brilliant week we have had in Year 4! In maths, the children have been dividing numbers by 10 and 100 in our decimals unit and the children have found the place value grids very useful when dividing these numbers. In English, the children have written a poem, and it has been wonderful to see so many children try and

rhyme their poem. We have also welcomed Miss Delderfield and Miss Maltby into our classroom this week and they will be joining us in Year 4 until half term! They very much helped the children creating their fantastic portraits in the style of Vincent Van Gogh, as part of World Art Day on Monday! Furthermore, the children have been investigating different food chains and have been creating food webs. Another productive week Year 4, keep it up!

Year 5

On Monday, the children participated in World Art Day, where across the school, all classes studied one of Van Gogh's masterpieces! Year 5 had 'Wheatfield with Crows' as their piece and thoroughly enjoyed learning

about the dark and twisted history behind one of Van Gogh's final paintings. The children were inspired by his harsh brushstrokes and contrasting colours to create their own landscape paintings, using acrylic paint and palette knives. The children produced some outstanding artwork which can be seen on the school's Twitter (X) page. In Maths this week, Year 5 have been learning about calculating the area of shapes. They have worked exceptionally hard on this and have grasped this concept with ease. In English, the children have been learning about the use of casual conjunctions to aid cohesion across a piece of writing, as well as how parenthesis can be used to add information.

Year 6

This week we have been doing Art, Maths, English and Science, as well as doing lots of preparation for our SATs. In art we have been working on a piece called 'Cafe Terrace at Night' by Vincent Van Gogh using oil pastels. We have been very busy in English as we are writing a short story that creates suspense about any topic we want. In maths we have started a new topic of statistics – so far, we have learnt about pie charts and how to use them. This week we have had a very interesting lesson about the heart and blood, we have also learnt about all the different substances that create

blood. As our SATs are approaching, we have been doing lots of preparation. For our homework we have also been doing SATs practice, we have done an arithmetic test and a test on percentages, fractions and decimals. In reading we have finished Stormbreaker and started our new novel, Kensuke's Kingdom by Michael Morpurgo. Overall, we have had an amazing week!

Reading Corner

This week's recommended read is for children aged 5+...

If You Run Out of Words

Written by Felicita Sala

In this imaginative bedtime adventure from award-winning artist Felicita Sala, a father reassures his daughter of the fantastical lengths he'd go to in order to show his love.

What happens if you run out of words? Will you have any left for me? Don't be silly! I could NEVER run out of words! But what if you DO?

Seeking reassurance of her father’s attention, a young girl peppers her dad with elaborate, anxious what-ifs. Dad soothes each worry with the perfect answer: if he ever ran out of words, he’d visit the Elves’ Word Factory so that he never runs out again, of course! Even if it means having to brave the darkest woods, escape pirates, or even fly a rocket ship back home, there’s nothing that could ever come between them—and there aren’t enough words to describe how much he loves her.

Imaginative, humorous, and heartfelt, this new classic from internationally celebrated creator Felicita Sala is a whimsical ode to a parent’s boundless love for their child.

Head Teacher’s Awards

Reception	EVERYONE!	
Year 1	EVERYONE!	
Year 2	Bradley F	Dahlia L

Year 4	Aminah A
Year 5	Ellie W
Year 6	Zahra K

Attendance

Please read the [NHS ‘Is my child too ill for school?’ guidance](#) which has further information if you are unsure whether to send your child to school or not.

We are always happy to advise in line with this guidance, so if you are still in doubt, please contact the school office if your child develops any symptoms and we can discuss this further with you.

Please note that children can come to school with mild respiratory illnesses. This includes general cold symptoms: a minor cough, runny nose, or sore throat. However, children should not be sent to school if they have a temperature of 38°C or above.

Let’s keep working together to ensure attendance is as good as it can be! Remember, **every pupil, every day!** Thank you for your support.

This week’s Attendance Champions are **Year 3!** Well done! Here are the latest figures...

Reception	84.2%	Target
Year 1	82.5%	
Year 2	83.3%	
Year 3	89.1%	97%
Year 4	75.4%	Overall (to date)
Year 5	83.6%	
Year 6	78.9%	
Overall	82.1%	
		94.9%
