

SHOBNALL PRIMARY & NURSERY SCHOOL NEWSLETTER

TELEPHONE: 01283 247410

TWITTER: @shobnallprimary

E-MAIL: shb-office@shb.itmat.co.uk

21st April 2023

"Extraordinary things are always hiding in places people never think to look."

Dear Parents/Carers,

We would like to take this opportunity to say a very warm welcome back to everyone, after what has been a very busy week in school (more about this later on in the 'Shobnall Showcase' section of the newsletter)! It seems as though everyone has had a really good Easter break (with some good weather in parts) and it has been great to have seen children, parents and staff looking so well, refreshed and revitalised.

As the warmer weather now approaches, please don't forget to send your child to school with suncream on and sunhats when we are due to have a particularly hot day. Many thanks for your support with this.

As you will know from the news, the National Education Union (NEU) continues with further **national strike action**. The next of these scheduled dates is Thursday 27 April 2023 and Tuesday 2 May 2023. Whilst some schools have had to make adaptations to ensure that the school can be kept open for as many pupils as possible, especially those due to sit exams, Shobnall Primary & Nursery School will be unaffected and there will be no impact from strike action. Please send your children to school as normal.

Please note from the diary dates at the end of the newsletter that school will be closed on Monday 1 May for the May Day Bank Holiday, Thursday 4 May for the Borough and Parish Elections and Monday 8 May for the Bank Holiday in lieu of His Majesty The King's Coronation.

In addition to wishing everyone a very restful, relaxing and enjoyable weekend, we would also like to take this opportunity to wish all of our Muslim families a very happy, peaceful and prosperous Eid, which is being celebrated now. Eid Mubarak!

The King's Coronation

The Coronation of His Majesty The King will take place on Saturday 6 May 2023. The Coronation Ceremony will take place at Westminster Abbey, London, and will be conducted by the Archbishop of Canterbury. The Ceremony will see His Majesty King Charles III crowned alongside The Queen Consort. The Coronation will reflect the monarch's role today and look towards the future, while being rooted in longstanding traditions and pageantry. Over the course of the short three-day week prior to the Coronation, we will be engaging with a variety of activities to mark this momentous and very special, historical occasion...

The Coronation Curriculum – The children will be engaged in themed learning over the course of the week. As well as focusing on British Values in assemblies and in classrooms, the children will be exploring some history in learning about the life of King Charles III and the historical traditions associated with the coronation.

Coronation Craft – The children will be creating their own 'Coronation Corridor' in school with a collection of coronation craft, made and created by themselves, to celebrate this special occasion.

Coronation Clothes – On Friday 5 May 2023, children and staff will be allowed the opportunity to come dressed to school in their finest regalia, appropriate for a coronation or wear red, white and blue. The latter may be more appropriate as some classes have a PE or cricket session on this day.

Coronation Big Lunch – There will be a special coronation-themed menu (see attachment at the end of the newsletter) for the *whole* week, culminating in traditional street party food on Friday 5 May. We would love as many of the children (and staff) as possible to indulge...

Coronation Big Party – On Friday 5 May, we will be having a big party on the field, weather permitting in the afternoon. Children will be able to enjoy playing a variety of traditional games, music, and snacks to celebrate the King's Coronation!

Coronation Gift – The school has purchased a bespoke, specially designed pin badge to give to all the children and staff as a gift to commemorate His Majesty The King's Coronation at Shobnall Primary & Nursery School. These will be given out at the end of the school day on Friday 5 May.

Don't forget the wider programme of events and activities planned for His Majesty The King's Coronation, including a concert at Windsor Castle, street parties, The Big Help Out and an extra bank holiday for the weekend itself from Saturday 6 May to Monday 8 May 2023.

The Government's New Emergency Alerts System

The government's new emergency alerts system is live and will enable people to be contacted via their mobile phone when lives are in danger. The system will be tested nationally on Sunday 23 April 2023 at 3pm.

An emergency alert is a loud, siren-like sound with a message on your mobile phone or tablet screen. To check an alert is genuine, visit [GOV.UK](https://www.gov.uk).

Eid al-Fitr

Eid al-Fitr, also known as “Festival of Breaking the Fast,” is the most prominent Islamic festival celebrated by 1.8 billion Muslims all over the world that marks the end of Ramadan, the Islamic holy month of fasting. Here are some other interesting facts about this holy festival:

- ★ Eid al-Fitr is the day of celebrating the happy end of Ramadan. Many sweet treats and delicacies are consumed to celebrate the sweet end of this holy month.
- ★ The festival traditionally holds a three-day celebration which involves praying, feasting, family gatherings, exchanging gifts and helping the needy.
- ★ Eid al-Fitr is a day of thanksgiving to Allah for showering the eternal blessings and giving all a chance to enjoy the blessings of the month of Ramadan.
- ★ Zakat al-Fitr is a kind of donation where you lend a hand to the poor and needy conducting the charity at the end of the fasting month, Ramadan. Such a practice is done to cleanse a Muslim soul from any sins, committed during the month of Ramadan as well as for inner peace and happiness. This is the most beautiful part of this festival which is done with great love. Muslims shower the needy with great gifts, sweets, clothes and food items and bless their day with eternal joys.
- ★ Like many festivals, Eid al-Fitr involves the practice of gifting. As we all know, gifts act as a perfect medium for expressing your emotions. Be it expressing the feelings of the heart or conveying the best wishes of the occasion; they are often given to increase the charm of the moment.
- ★ Hillary Clinton hosted the first Eid al-Fitr at White House in 1996. Later, the Clintons continued the tradition every year after. The dinner was attended by the prominent members of the Muslim American community, including politicians, leaders and students. With the passage of time, the Eid al-Fitr dinner tradition has continued with every president. George W Bush and Barack Obama hosted the Ramadan dinner every year of their presidency.

10 Top Tips for Parents to Support Children to Read

Some time ago now, the Department for Education published some advice for parents to help primary-aged children read at home. We thought it would be useful to share the link with you again:

[10 top tips for parents to support children to read](#)

Parents, carers, guardians and families can use this advice to encourage and support reading.

There's further resources available online at [Online education resources: English resources](#).

Nursery Places Available for September!

We do still have a few places left in our Nursery setting for September, so please enquire if you or someone else you know within the community, would like a place in our outstanding school. Further information can be found on our school website [Admissions](#) page on how to apply for a place.

FREE Uniform!

Remember, we have FREE uniform that is available for anyone who needs it, via our donation service. There is a box situated outside the school office for any parents who have old items that they wish to donate. Please could we ask that these are cleaned and in good condition before placing in the box! Amy Roobottom continues sorting, collating and distributing this. If you wish to contact Amy to ask what is available that you might be in need of, please contact her via amyroobottom@outlook.com.

Online Safety Tips

In the guide you'll find statistics and trends such as the current most popular platforms for young people and the proportion of children in each age group who play online games.

Solar Lighting

With the days getting longer, and the weather getting brighter, we are likely to spend more time in the garden.

Use solar-powered lights in your garden to reduce your reliance on non-renewable energy sources and lower your carbon footprint.

Solar lights are low-maintenance, cost-effective, and come in a variety of styles such as pathway lights, string lights, and lanterns.

Place them in areas that receive ample sunlight during the day, so they can recharge and provide a sustainable light source throughout the night.

Choose the right lights for you here.

Staffordshire Dignity in Care Awards 2023

People from Staffordshire are being invited to nominate carers, work colleagues, friends, and family members for a special award. The awards are open to anyone who works in the adult care sector – staff from care companies, as well as informal carers. Nominating someone for an award is quick and easy and can be done online or by contacting the Care Market Development Team who can help you do it. You can find out more about the awards or nominate at

www.staffordshire.gov.uk/dignityincare or by clicking the link on the flier attached to the end of the newsletter. Nominations close on 28th April 2023.

Hot Lunch Options – 24 to 28 April 2023

W/c 21.4.2023

WEEK 1	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
MAIN DISH	Margherita Pizza Potato Wedges	Pork sausage with creamy mash potato & gravy	Roast turkey with mashed potato & gravy	Spanish Chicken in a tomato sauce with 50 / 50 rice	Crispy fish fingers with chunky chips

JACKET POTATO AND SANDWICH SELECTION	Jacket potato and sandwich selection	Jacket potato and sandwich selection	Jacket potato and sandwich selection	No jacket potatoes or sandwich selection	Jacket potato and sandwich selection

SHOBNALL SHOWCASE!

Let's have a sneaky peek as to what has been going on in our classrooms this week...

Nursery

This week in Nursery we have started our new topic, 'All Creatures Great and Small'. Having read the story Dear Zoo by Rod Campbell, we have discussed animals that would and would not make good pets and have met some pets that belong

to members of staff in school! Mrs France brought in Pippy, her hamster. The children thoroughly enjoyed learning about how to look after him. They were very excited about their special visitors and enjoyed learning about the needs of different animals, as well as showing great care whilst petting them! This week the children have also had a great time in PE with Mr Attwood, learning how to copy and explore different movements.

Reception

Reception have had an exciting start to the new term. It was fantastic to see them arrive to school eager to begin learning all about minibeasts for our new theme, 'It's a Bugs Life.' They have also started writing sentences and I am so impressed with how hard the children have been working in ensuring they

remember their capital letters at the beginning of a sentence, their finger spaces and a full stop at the end.

The children were very excited as we headed down to Forest School to begin our first session. I was very impressed with the children as they listened carefully to the various expectations such as, walking around

the fire circle and moving natural materials appropriately. They all became explorers as they found a variety of minibeasts including a huge worm and beetle! They also created homes for the minibeasts they found using natural materials and joined in with games and songs. We can't wait for next week's session when we hope to bring some minibeasts back to the classroom!

Year 1

Year 1 have had a lovely week! They have started their new English topic, writing descriptions about the seaside. In Maths they have been counting in 2s. We have focused on relationships with friends and family in PSHCE and have been focussing on appropriate and inappropriate physical contact. Well done Year 1 for a great week!

Year 2

Year 2 have come back to school full of energy and ready for learning! In Maths, they got stuck straight into learning about fractions and have blown everyone away with their knowledge and how quickly they have grasped this new and tricky approach. In the lead up to SATS, Year 2 have been focusing on answering VIPERS questions about a variety of texts. They have been learning how to skim and scan large pieces of text to find the answers, as well as how to identify the key parts of questions. In the afternoon, Year 2 have completed a computing unit of learning around pictograms and understanding data. They have been able to interpret tally charts, create pictograms and analyse data. Most excitingly, the class tadpoles returned from their holiday at the Keen household (many thanks to the Keen family for their expert care of our amphibian friends). The children have loved observing the changes in their growth, as well as watching them eat this week's snack of cucumber! What a week – keep up the great work Year 2!

Year 3

Wow what a great first week Year 3 have had! As a class they have devised three key goals that they want to work towards, 1. respectful, 2. helpful and 3. outstanding. The children worked together in small groups to devise different words they could use and voted as a class what they felt was best. They then

devised definition for these words and rewards they could have if they achieved their goals. I am so impressed with how the children are trying really hard to achieve these on a daily basis. Well done Year 3! We have also started a new writing unit in English called, 'How do magnets help us?', the children are super excited to be able to begin learning about their explanation writing task. In Maths, we have begun our learning on 'mass' and the children have worked exceptionally hard at reading scales. We have also begun our new class text, 'The Iron Man' which the children have already produced some work for a class display. Keep up the fantastic work Year 3!

Year 4

We have had a brilliant first week back in Year 4. In maths, the children have started their decimal unit and it has been brilliant to see the children have shown such a secure understanding of place value to be able to identify tenths and hundredths. In English, we have been identifying the features of a narrative explaining the dangers of electricity ready to write our own narrative in a couple of weeks sharing our own views on the dangers of electricity. Furthermore, across the curriculum in history, we have started our topic for this term on the Ancient Egyptians and the children have been plotting the most important events throughout this period onto a timeline. Finally, the children have been predicting the outcome of our new class text, The Firework-Makers Daughter and the children have been thoroughly engaged in discussing what the book could be about. A brilliant first week back Year 4!

Year 5

Year 5 enjoyed the start to the term with a new topic in Science of Animals Including Humans. They created their own human life cycle. The children also had the pleasure of their first Forest School session with Mrs Johnston and Mrs Martin. It was beautiful weather for the children to enjoy the fresh air.

In Maths, the children have continued well with the decimals, fractions, and percentages unit.

They have been converting fractions to decimals and practising ordering and comparing them. Great confidence has been shown and they are using their vocabulary to explain their understanding.

We have introduced our new reading text, Journey to the River Sea by Eva Ibbotson. The children have used their inference and prediction skills to write about what they think happens in the story. They looked for clues in the images on the front cover and linked this to the blurb.

Our topic focus this week has been French. The children watched a video (all in French) about *le système solaire*. This topic on space exploration will enable the children to retrieve their learning in Science from last term too!

A great discussion was had during the RE lesson about actions and consequences. The children had to consider what the consequences could be to certain actions, and whether they were positive (good) or negative (bad).

Year 6

This week in Year 6 we have been busy preparing for our SATs test in three weeks time. Not only have we been busy revising, but we have also started our new unit in English - recounts. We have based our recount on a music video called 'Titanium' and we are planning to write it in the first person, as if we were the boy from the video. We are really enjoying this and can't wait to produce the finished product. We finished the week with Computing, Music, and Science. We have also been lucky to have an extra PE lesson in cricket delivered by a visitor from Staffordshire Cricket.

Reading Corner

This week's recommended read is for children aged 9+

My Name is Sunshine Simpson

Written by G.M Linton

Sunshine Simpson is a young girl seeking adventure - but misadventures seem to have a habit of finding her. With new friend Evie rapidly turning into a worst enemy, a French pen pal to impress, a disastrous home haircut and a stressful school showcase, every day feels like a rainy day.

Sunshine's beloved Grandad has always been there to cheer her up, but as he grows older and quieter every day, Sunshine is forced to accept that their adventures together may be coming to an end. Grandad's stories have always helped her in the past - can Sunshine find her voice in time to tell her story at the school showcase?

Told with humour and charm through one young girl's quest to find her voice, this uplifting story, which celebrates the Windrush legacy, explores themes of identity, community, belonging and self-belief.

STAFFORDSHIRE DIGNITY IN CARE AWARDS 2023

People from Staffordshire are being invited to nominate carers, work colleagues, friends & family members for a special award. The awards are open to anyone who works in the adult care sector – staff from care companies, as well as informal carers. Nominating someone for an award is quick and easy and can be done online or by contacting the Care Market Development Team who can help you do it.

Do you know someone who goes above and beyond in the care sector? Why not nominate them for an award, the award categories are:

Newcomer to Care Dignity Champion

Community Volunteering Dignity Champion

Care Home Dignity Champion

Specialist Dignity Champion (*Learning Disability*)

Community Service Dignity Champion

Palliative Care / End of Life Dignity Champion

Registered Manager Dignity Champion

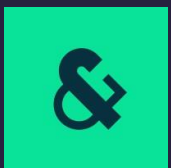

Special Recognition Dignity Champion

Care Team Dignity Champion

You can find out more about the awards or nominate at **www.staffordshire.gov.uk/dignityincare** or by clicking the link below:

Spy Studios. London

Deadline

May 2023, 3:30pm

The backstory

Everything in the world is designed and manufactured, from a pen to a jet plane, a cup to a skyscraper, a paperclip to pop up emergency shelters.

What's the challenge?

The power of the designer is enormous, we can design things to make the world a better place, to make it more sustainable, to enable others to do things quicker, to support users with disabilities so that the world is a more inclusive place to live. The world that we live in is changing every day, there are lots of issues that we, as humans, face everyday that designers, engineers and manufacturers have not yet found a solution for, solutions to problems that would make the world an even better place to be.

Who are we talking with?

Your product can be designed for anyone or any target audience, from babies to teenagers, parents to the elderly. Think about what a problem to solve which will make the world a better place for your chosen individual.

Things to think about

It doesn't have to be a huge product, sometimes, the smallest products make the biggest difference e.g. A can opener to help someone with arthritis open tin cans ensures that daily life is inclusive for all. **We are looking for crazy, weird and wonderful ideas!**

What and how to submit

Mandatory

1 A4 PowerPoint Slide saved as a PDF with your full name and school as the file name e.g.

JoeSmith_WinshillPrimarySchool

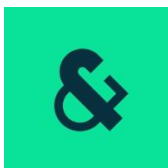

Make sure you answer the 3 questions fully. No more than 100 words per question

- Who does your product help?
- How does it help them?
- Why is the product needed?

Include a visual representation of your idea (Maximum 3 images)- these could be drawings or photographs of a 3D model. *(You can build your design out of any materials- Lego, modelling materials etc)*

Deadline

- Friday 19th May 2023, 3pm.
- All entries to be sent to Emily Neale- e.neale@jths.co.uk

The can opener has been designed to help people with arthritis, it allows them to go about simple daily tasks like opening a can with ease. They would not be able to do this without this product being designed. [Weblink.](#)

No power, no problem. Pull the cord. Generate electricity. Never run out of power. NowLight turns your effort into electricity. A minute of pulling will generate up to 2 hours of light or enough power for a 15-minute phone call. NowLight can also be charged from USB power sources or using a solar panel. [Weblink.](#)

Examples of products that have made the world a better place

Adiff. A "jacket that can turn into a tent" (a.k.a. the trench & bomber), one of our first solution-based items designed to provide assistance to homeless and refugee populations. [Weblink.](#)

BE WATER AWARE

Drowning prevention and water safety

Don't be tempted to cool off in Rivers, Canals, Lakes or Reservoirs as swimming in open water can result in drowning

If you see someone in the water

- Call 999 and ask for fire and ambulance. Ask for the Coastguard if by the sea.
- Location – give as much information on your location, look for landmarks, signs or bridges or use WHAT THREE WORDS service to find your location.
- <https://what3words.com/news/emergency/three-words-for-a-faster-emergency-response>
- Stay on the telephone to the emergency services.
- Tell the person in the water to float on their back, extend arms & legs & to move hands and feet to stay afloat.
- Use lifesaving equipment such as lifebuoy or throw line if close by.
- NEVER ENTER THE WATER TO SAVE SOMEONE ELSE or an ANIMAL

OFFICIAL

Community Safety Flash

During the school holidays, and in particular in hot weather, increasing numbers of children are drowning. On average, there are 50 of these tragedies each year in the U.K.

Keep reading to see our top tips on how to stay safe around open water.

Water is often far deeper than people think. Only swim where there is supervision or a lifeguard. Water that looks calm on the surface may have a fast current underneath.

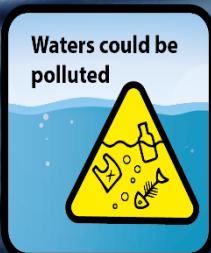

It's very cold and can quickly cause cramp and breathing difficulties. Cold water shock can paralyse your ability to move and kill within a minute

There may be hidden dangers

The depth of water can be deceptive and may contain hidden rubbish and debris such as shopping trolleys or broken glass which can cause injuries and drowning.

Waters could be polluted

Sometimes it can be polluted and make you ill. There is a serious risk of waterborne diseases

Think!

Stay safe and keep out of open water
