Instructions

You **may not** use a calculator to answer any questions in this test.

Questions and answers

You have **40 minutes** to complete this test.

Follow the instructions for each question.

Work as quickly and as carefully as you can.

If you need to do working out, you can use the space around the question.

Do not write over any barcodes.

Some questions have a method box like this:

Show
your
method

The diagram shows a large rectangular area with a red grid pattern. To the left of this grid is a rounded rectangular box containing the text 'Show your method'. At the bottom right of the large grid is a smaller, empty rectangular box.

For these questions, you may get a mark for showing your method.

If you cannot do a question, **go on to the next one**.

You can come back to it later, if you have time.

If you finish before the end, **go back and check your work**.
