

7.1.22

Personal, Social &
Emotional Development

Please return homework by Wednesday 12th January

This week we have been talking about the tradition of people setting themselves a goal, a New Year's resolution. As a family, could you talk about what you would all like to achieve in the year 2022. It could be something that you would like to improve, try for the first time, a place you would like to visit or a skill you would like to learn. I have given all of the children a wooden disc for you to write your child's personal 'goal' on. These will need to be returned to Nursery and will hang on our special 'Tree of Determination'.

Many thanks,

Mrs Farrington
