

## Mastering Number at Home

### Reception – Week 3

#### Play 'Subitising to 4 Snap'

(Monday, Wednesday and Friday)

##### How to play

- Cut out the subitising cards on the worksheet 'Subitising to 4 Snap'. Add these new cards to your pack from Week 1.
- Place the cards face-down on a flat surface.
- Take it in turns to turn over 2 cards at a time. Say the numbers you see on each card.
- If the numbers are the same, the player taking the turn wins the cards. If the numbers are different, the player must turn the cards face-down again.
- The winner is the player with the most cards at the end of the game.

#### Play the 'Part-part-whole game with 4'

(Tuesday and Thursday)

##### How to play

- Cut out the cards on the worksheet 'Part-part-whole game with 4'.
- Place the cards face-up on a flat surface.
- Take it in turns to look for 2 images that are 'parts' of 4.
- Pick up those cards and say, for example, "2 is a part" and "2 is a part".
- Put the cards together and say, "4 is the whole".

#### Other things to try at home

##### Make groups of 4

Collect objects at home that your child can put into groups of 4. For example, you might ask them to lay the table with 4 bowls, 4 cups and 4 spoons.

##### At the shops

Ask your child to look out for things that are sold in packs of 4.
