

# Welcome to Nursery!

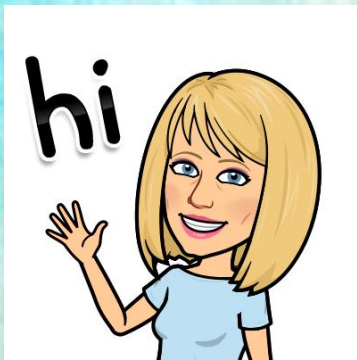

## Mrs Farrington

Hello Nursery children! I can't wait to meet you all in September and have some fun playing together. So that you can get to know me a little better I have created this handout for your parents to share with you.

I look forward to learning all about you in September.

My favourite meal is a traditional Sunday beef dinner with Yorkshire puddings! I also have a huge rhubarb patch in my garden and love nothing more than rhubarb crumble with custard! Delicious!

My birthday is 24<sup>th</sup> February, which means it sometimes falls in a half term holiday. Last year I went glamping for my birthday, which was a wonderful relaxing experience.

My favourite colour is blue.

Living in the countryside, I love to spend time in my garden, listening to the birds and watching hares, pheasants and moorhens that frequent my garden.

I have always loved reading books. When I was younger I enjoyed The Famous Five stories and still like a good book full of mystery and suspense!

Dogs are my favourite animals, although when I visit a zoo I am fascinated by the monkeys and could watch them all day!

I love watching a good drama on the television and have just finished watching Prison Break!

I enjoy going to the theatre.

I have a black Cockapoo dog called Hetty who likes going on long walks. Her party trick is being about to keep a balloon in the air for a very long time!
