APPENDIX A – TOP 10 TIPS FOR HOMEWORK SURVIVAL FOR PARENTS

STATEMENT OF INTENT

Shobnall Primary & Nursery School, is a vibrant, enthusiastic, forward thinking and safe learning environment in which pupils are given every opportunity to complete a fulfilling education.

We believe that homework plays an important part in education and the benefit of doing homework must be instilled at an early age so that independent study can be achieved.

We are also aware that pupils have opportunities and experiences outside of school that are equally important in developing and enriching their lives. We will give careful consideration to ensuring homework is well-balanced across the school.

This document was developed in consultation with staff members, parents and pupils, and with the full agreement of the governing board.

3. OUR APPROACH TO HOMEWORK

- The school understands that setting, marking and providing feedback on homework is a large contributor to the workload of teachers; therefore, teachers ensure that homework only takes place to positively impact pupils' progress.
- Teachers ask themselves 'why am I setting this homework?' and 'how will this homework be useful to the pupil?'. If the answers to these questions do not reflect a positive impact on pupils' learning, teachers use their professional judgement and decide whether the homework is necessary.
- Teachers explain the school's approach to homework to parents at the 'Meet the Teacher' night in September.
- Every term, each year group is informed of what is expected of them with regards to homework.

**SHOBNALL PRIMARY & NURSERY SCHOOL
APPROACH FOR HOMEWORK**

- Every term, the class curriculum letter informs parents about the main topics and units of work being covered.
- Pupils use homework books to complete their homework or are issued with a homework folder to keep their homework neat and organised.
- Pupils receive homework on a Friday which is to be returned every Wednesday morning.
- Pupils' weekly homework activity is designed to take around 45 minutes – 2 hours, depending on the age of the pupil.
- Homework is marked every week and returned to the pupil in their homework folder/book.
- Parents are encouraged to discuss any errors with their child. If they have any queries, they should make an appointment to see their child's teacher. Feedback from parents about their child's homework is also welcomed by the school.
- Teachers may occasionally set extra homework for the whole class if they deem it beneficial.
- The table below shows expected homework. Tasks may be set in addition to the below activities.

4. ABSENCES

- If a pupil is absent from school due to illness or medical reasons, the school will not supply work for these periods – pupils should be well enough to undertake any work supplied.
- There may be exceptions to and the classroom teacher will decide whether homework should be set on a case-by-case basis.
- If a pupil is absent for a long period of time, e.g. with a broken arm, the teacher and the parents of the pupil will agree on what should be done and how much help should be provided.

5. PUPILS WHO FAIL TO COMPLETE HOMEWORK

- Teachers keep records of pupils completing homework which are regularly checked.
- If pupils fail to complete homework, teachers contact parents to find out why.

- In general, homework is marked in detail in writing and comments are made concerning the pupil's next steps.
- Occasionally, homework may be marked orally with the pupil or class.
- Teachers do not mark homework that is handed in late.

7. PUPILS WITH SEND

- A balanced approach to homework will be adopted for pupils with SEND, in consultation with the pupil's parents and the SENCO.
- The school recognises that pupils with SEND may require specific tasks to be set, as outlined in their individual support plans.
- While pupils with SEND may benefit from differentiated tasks separate from the homework received by other pupils, it is important that they also complete as much standard homework as possible.

Homework
Survival

Age 8-13yrs

TIP 1
Make Time

understanding

listen

Just a few minutes

Make time, even 5 minutes could help!

Your child will benefit from you getting involved in their homework tasks. If your son/daughter knows that you care they will be more likely to want to do homework and hand it in on time.

You can encourage learning while you are out and about together, in the car, shopping, eating meals and even in your local community.

It's also a good idea to set a routine for homework (and stick to it) - like after tea. It helps to know what homework your child has and get a sense of how long it should take them.

There's always something happening that you can both talk and learn about!

TIP

2

Your Experience counts

Try and link life and leisure experience to your child's school work e.g. visits to the park, museum or days out.

Remember your child will enjoy spending time with you alone. Learning together and sharing experiences will help your relationship grow stronger. Your child will enjoy learning about you and your experiences, as well as doing new things together.

Bonjour!

TIP

3

Take an Interest

Let them know you want to be involved.

Make time to ask your child about what they are studying and what they have learned. Another great way to show you are interested is to attend school activities such as parents' evenings and sport events.

There are lots of ways you can help your child with their homework, especially if they get stuck. Have a chat about what they did last time it happened and what you could do to help, or where you could both look for help.

TIP 4 Listen questions

Lend a hand

Need a hand?

Yeah!

Let them know you're there to help.

Help your child to use resources that are available to them such as the local library, the internet or books. Talk about school and learning activities in family conversations and make sure – that if they need help they know they can ask you to give them a hand.

TIP 5 conversation understanding

Watch the Telly

Use TV programmes as prompts for discussion and learning, e.g. popular soaps and soap characters' lives could provide topics for discussion.

Make sure TV time is a set time and that it does not get in the way of study time. Make TV a treat for progress rather than a background feature.

TIP 6

Remove Distractions

Help your child concentrate by creating the best learning environment, e.g. take the dog out of the room or turn the volume down on the TV.

Provide an area that is light and fairly quiet. It doesn't have to be fancy – the kitchen table, a space in their bedroom or a corner of the living room will be fine, as long as homework is given priority and they are not interrupted.

TIP 7

Have a look

Check to see how your child is getting on with their homework.

By seeing their progress you will find out if they need any more help or encouragement.

When they've finished, have a look and see how well they've done with their work.

Icons: understanding (exclamation mark), listen (ear), questions (question mark). Illustrations: hand clicking a remote (click), parent and child at a desk (Finished!).

The infographic is divided into two house-shaped panels. The left panel is for Tip 8, 'Give praise', and the right panel is for Tip 9, 'Go to school!'. Both panels feature icons for 'achievement' (star), 'reward' (thumbs up), 'conversation' (quotes), and 'questions' (question mark). The bottom of each panel shows hands reaching out with speech bubbles saying 'Nice work!' and 'Nice to meet you!'.

TIP 8

Give praise

Let them know they're doing a good job!

Let your child know that you are pleased with their progress. Help them to make activities and learning tasks feel more achievable by showing them just how much they have already achieved.

Remember - you can show them how not giving up and hard work can lead to success.

Nice work!

TIP 9

Go to school!

Talk with your child's teachers - they will be pleased that you want to get involved.

Let them know that you are keen to help your child with their study and that you want to get involved in their learning experiences.

You could ask them questions about:

- How your child is doing at school
- What they might be struggling with
- How you can help your child
- What your child's behaviour is like at school

Nice to meet you!

TIP

10

Reward Progress

achievement

reward

Woohoo!

Set goals and provide treats for achievements.

Let your child know that you are there to encourage and support them to learn. Let them know that they are making good progress and that you are pleased with their efforts. Help them to try new experiences and get the most out of their time at school.
