RESOURCES

Learning materials

The school will accept a range of different teaching methods during remote learning to help explain concepts and address misconceptions easily. For the purpose of providing remote learning, the school may make use of:

- Work booklets
- Email
- Current online learning portals (e.g. Oak National Academy, White Rose Maths, Twinkl)
- Educational websites
- Reading tasks
- Live webinars
- Pre-recorded video or audio lessons

Teachers will review the DfE's list of [online education resources](#) and utilise these tools as necessary, in addition to existing resources.

Reasonable adjustments will be made to ensure that all pupils have access to the resources needed for effective remote learning.

Teachers will ensure the programmes chosen for online learning have a range of accessibility features, e.g. voice-to-text conversion, to support pupils with SEND.

The school recognise that interactive lessons are most effective in aiding pupils' motivation and academic progression and, to this effect, teachers will ensure they regularly recreate aspects of in-person interactivity , e.g. live classes with questioning, eliciting and reflective discussion, to the best of their ability and with appropriate resources and safeguarding procedures in place.

Lesson plans will be adapted to ensure that the curriculum remains fully accessible and inclusive via remote learning.

The school will review the resources pupils have access to and adapt learning to account for all pupils needs by using a range of different formats, e.g. providing work on PDFs which can easily be printed from a mobile device.

Work packs will be made available for pupils who do not have access to a printer – these packs can be collected from school.

Teaching staff will liaise with the SENDCO and other relevant members of staff to ensure all pupils remain fully supported for the duration of the remote learning period.

The SENDCO will arrange additional support for pupils with SEND which will be unique to the individual's needs, e.g. via weekly phone calls.

Any issues with remote learning resources will be reported as soon as possible to the relevant member of staff.

Pupils will be required to use their own or family-owned equipment to access remote learning resources, unless the school agrees to provide or loan equipment, e.g. laptops.

For pupils who cannot access digital devices at home, the school will, where possible, apply for technology support through their academy.

Pupils and parents will be required to maintain the upkeep of any equipment they use to access remote learning resources.

Teaching staff will oversee academic progression for the duration of the remote learning period and will mark and provide feedback on work in line with this document.

The arrangements for any 'live' classes, e.g. webinars, will be communicated via email no later than one day before the allotted time and kept to a reasonable length of no more than one hour per session.

The ICT technicians are not responsible for providing technical support for equipment that is not owned by the school.

Pupils not using devices or software as intended will be disciplined in line with the **Behaviour Document**.

The school will risk assess the technology used for remote learning prior to use and ensure that there are no privacy issues or scope for inappropriate use.
