

# **SHOBNALL PRIMARY & NURSERY SCHOOL**

## **COVID-19 OUTBREAK MANAGEMENT PLAN**

**Setting Name: Shobnall Primary & Nursery School**

**Outbreak Management Plan Version: 2**

**Date Completed: 1<sup>st</sup> April 2022**

**Review Date: 18<sup>th</sup> July 2022**

**Plan Owner: David Adams**

## **Context**

### **Aim of COVID-19 Case and Outbreak Management Plan**

The aim of COVID-19 case and outbreak management is to:

- prevent the spread of COVID-19 within the setting or/and manage impact of community transmission impacting on the setting.
- minimise the impact of COVID-19 on staff, pupils, other key stakeholders.

### **Objectives of Outbreak Management Plans**

The objective of outbreak management planning is to document the activities we will undertake in preparing for and responding to a single or multiple cases of COVID-19 within the setting and/or other infection outbreaks in accordance with the School's Business Continuity Plan. What actions and controls will be stepped up and stepped back down at relevant points in responding to and recovering from an outbreak.

The setting will step up and step back down the response measures according to the level of risk, effectiveness of response measures and availability of resources, in close collaboration with Local Outbreak Control Team, Public Health England and DFE.

## **Governance**

The Government has made it a National priority that education and childcare settings should continue to operate as normally as possible during the COVID-19 pandemic.

Measures affecting education and childcare may be necessary in some circumstances, for example:

- to help manage a COVID-19 outbreak within a setting
- if there is extremely high prevalence of COVID-19 in the community and other measures have failed to reduce transmission
- as part of a package of measures responding to a Variant of Concern (VoC)

In these cases, the Guidance also states that councils, directors of public health and Public Health England health protection teams can recommend certain measures for individual schools or clusters of settings.

If there is a need to address more widespread issues across an area, *"ministers will take decisions on an area-by-area basis"*.

The Headteacher will:

- be the main contact point for Local Authority Outbreak Control, PHE etc. supported by the Local Governing Body and JTMAT CEO with decision-making;
- coordinate the appropriate response supported by the Chair of Governors of Shobnall Primary & Nursery School;
- participate on an internal outbreak response team, along with senior leaders of the school and the Chair of Governors;
- represent the setting on any multiagency Incident Management Team meetings to manage an outbreak likely to be called by Public Health/Local Authority Local Outbreak Control Teams.

### Related Resources

This plan should be read alongside the latest guidance for education settings operating during COVID (this is not an exhaustive list and these documents change frequently so the reader should check they have the most up to date guidance):

- [UK Health Security Agency \(UKHSA\) health protection in education and childcare settings](#)
- [DfE emergency planning and response](#)
- [DfE good estate management for schools](#)
- [Guidance for people with symptoms of a respiratory infection including COVID-19, or a positive test result for COVID-19](#)
- [Living safely with respiratory infections, including COVID-19](#)
- [Ventilation of indoor spaces to reduce the spread of COVID-19 and other respiratory infections](#)
- [COVID-19 guidance for people whose immune system means they are at higher risk](#)

This plan also operates alongside the school's local guidance:

- Shobnall Primary & Nursery School Business Continuity Plan
- JTMAT Business Continuity Plan
- Shobnall Primary & Nursery School Managing Respiratory Infections, Including Coronavirus (COVID-19) Risk Assessment
- Shobnall Primary & Nursery School Remote Learning Policy

## Key Stakeholders

Key Stakeholder	Role for Outbreak Management
<b>Staff (includes employees, and volunteers)</b>	<ul style="list-style-type: none"> <li>• Prevention and preparedness through understanding and adherence of the school's COVID-19 Operational Risk Assessment</li> </ul>
<b>Pupils</b>	<ul style="list-style-type: none"> <li>• Prevention and preparedness through understanding and adherence of the school's COVID-19 Operational Risk Assessment</li> </ul>
<b>Parents/carers</b>	<ul style="list-style-type: none"> <li>• Prevention and preparedness through understanding and adherence of the school's COVID-19 Operational Risk Assessment</li> </ul>
<b>Visitors</b>	<ul style="list-style-type: none"> <li>• Prevention and preparedness through understanding and adherence of the school's COVID-19 Operational Risk Assessment</li> </ul>
<b>Contractors and delivery personnel (e.g. cleaners, catering staff)</b>	<ul style="list-style-type: none"> <li>• Prevention and preparedness through understanding and adherence of the school's COVID-19 Operational Risk Assessment</li> </ul>
<b>Where to seek Local Outbreak Advice</b>	<ul style="list-style-type: none"> <li>• LA Local Outbreak Control Team /PHE/DFE Helpline available to support with advice and guidance when there is a confirmed case(s) associated with the setting</li> <li>• Advises our setting on actions we need to take to protect others and stop the spread of illness, including infection prevention and control measures</li> <li>• Leads contact tracing (identifying persons in close contact with the confirmed case during their infectious period)</li> <li>• Activates and leads the outbreak management coordination team</li> <li>• Determines when the outbreak is over</li> </ul>
<b>Other relevant stakeholders</b>	<ul style="list-style-type: none"> <li>• Governors - Prevention and preparedness through understanding of the school's COVID-19 Operational Risk Assessment and ultimate decision-making</li> <li>• JTMAT - Prevention and preparedness through understanding of the school's COVID-19 Operational Risk Assessment and ultimate decision-making</li> </ul>

## Communications

For consistency and accuracy of messages, and as part of the coordinated response, communications activities will be coordinated by the setting with support from LA local outbreak control team/PHE or DFE in close liaison with the setting outbreak management coordination team.

Key stakeholder	What they need to know	How we'll communicate	Contact information
<b>Staff (includes employees and volunteers)</b>	<ul style="list-style-type: none"> <li>• Level of risk, number and location of cases linked to an outbreak</li> <li>• The importance of hand hygiene, respiratory hygiene and physical distancing measures</li> <li>• Changes to policies and procedures; outbreak control measures being implemented, including changed arrangements for accessing the setting</li> <li>• Membership of the internal outbreak response team</li> <li>• Arrangements for managing any self-isolation requirements</li> <li>• Expectations about not attending work if symptomatic</li> <li>• Changes to staffing/rostering arrangements</li> <li>• Arrangements to support staff health and wellbeing</li> </ul>	<ul style="list-style-type: none"> <li>• Meetings</li> <li>• School newsletter</li> <li>• Text messages</li> <li>• Website</li> <li>• Staff emails</li> <li>• Signage</li> </ul>	<ul style="list-style-type: none"> <li>• Staff emails</li> </ul>

## Stage 1 – Prevent and Prepare

*All the prevention and preparedness activities our setting needs to undertake are detailed in our **Managing Respiratory Infections, Including Coronavirus (COVID-19) Risk Assessment**, in line with the control measures outlined in the **UKHSA Guidance**. The main preventative measures are outlined below:*

What do you need to do?	How will you do this?	Who will do it?	When will it happen?	What supplies or resources are needed?	Other considerations
Ensure a thorough risk assessment is undertaken in accordance with the system of controls outlined in the guidance for schools.	The school's risk assessment will continue to be adhered to – this meets the requirements set out in the DfE's system of controls.	DA	Ongoing	N/A	Ensure risk assessment is regularly reviewed and in response to local outbreaks.  Ensure current risk assessment is available for all stakeholders on the school website.
Ensure procedures are in place for those who display symptoms of coronavirus.	Any member of the school community who displays symptoms of coronavirus will be required to follow UKHSA guidance.  If a pupil develops symptoms of coronavirus while on site, they will be taken to a designated isolation area while they wait to be collected. If required, the pupil will be supervised while they await collection. If the supervising member of staff is unable to socially distance, e.g. due to the pupil's age or needs, they will wear PPE. After the pupil has left the premises, any areas they were in will be cleaned. The pupil's parents will be encouraged to follow UKHSA guidance. If in receipt of a positive test result and/or a high temperature, the pupil will be required to self-	DA	Ongoing	Adequate supplies of PPE in school for staff.	Check stocks and supplies are adequate in school.

geographical area.	any possible new cases. The school will also adhere to advice from Directors of Public Health in relation to the temporary reintroduction of face coverings.				

## Stage 2 – Respond

The response stage is triggered by the identification of one or more cases of COVID-19 within or linked to the setting. The goal is to contain the virus as quickly as possible while providing appropriate care and support to confirmed cases.

*The actions/controls to be taken are outlined below and should be viewed alongside our **Managing Respiratory Infections, Including Coronavirus (COVID-19) Risk Assessment and Remote Learning Policy**:*

What do you need to do?	How will you do this?	Who will do it?	When will it happen?	What supplies or resources are needed?	Other considerations
If a single confirmed positive case is identified, activate the local outbreak response team and/or Public Health.	<p>School will liaise with the Local Outbreak Control Team by email and phone and/or Public Health passing on the relevant information known.</p> <p>Those identified as being in close contact will be asked to book a PCR test.</p> <p>Remote learning plan to be implemented for those isolating.</p> <p>School's risk assessment to be evaluated in light of any learning from new case.</p>	DA	Immediately on becoming aware of a confirmed case	None	<p>If afterhours, contact all team members by mobile phone</p> <p>Inform JTMAT COVID Response Team</p>
If two or more test-confirmed cases of COVID-19 among individuals associated with a specific non-residential setting with illness onset dates within 14 days, activate	<p>School will liaise with Public Health passing on the relevant information.</p> <p>In collaboration with Public Health, Local Governing Body and the JTMAT Central Team a decision will be made as to whether school can remain open.</p> <p>DfE will be informed if the school is to close.</p> <p>LA will be informed if the school is to close.</p> <p>Remote learning plan will be implemented.</p>	DA, GD, MD	Immediately on becoming aware of a confirmed case	None	<p>If afterhours, contact all team members by mobile phone</p> <p>Inform JTMAT COVID Response Team</p>

the local outbreak response team and/or Public Health.	<p>External visits to the school will stop until deemed safe.</p> <p>School's risk assessment to be evaluated in light of any learning from new case.</p>				
Deep clean due to positive case/s in setting.	DA to inform school cleaning team.	CC, KA, YB	Immediately on becoming aware of a confirmed case	Cleaning materials	N/A
If the school is affected by a package of Local or National measures, implement relevant relevant procedures.	<p>Should face coverings be recommended, school will amend risk assessment.</p> <p>Should shielding be reintroduced, those on the shielded patient list will be supported to follow guidance. If this is a pupil, then the remote learning plan would be implemented. Shielding staff will be supported to work from home and measures put in place to support their wellbeing.</p> <p>Should attendance restrictions be implemented, places will be prioritised for pupils in line with current guidance. Where pupils have EHCPs and cannot attend school a risk assessment will be undertaken to assess if they are safer at home or in school.</p> <p>For safeguarding, it is expected that all schools have a DSL on site. Wellbeing calls will be made regularly (in line with individual pupil risk assessments) to ensure that pupils are safe and well at home.</p>	SLT	Immediately on becoming aware of Local or National measures.	Sufficient supply of lateral flow device (LFD) testing kits in school, in case there is a requirement to increase home testing.	Timely communication with all stakeholders.

 COVID-19 OUTBREAK MANAGEMENT PLAN

What do you need to do?	How will you do this?	Who will do it?	When will it happen?	What supplies or resources are needed?	Other considerations
	<p>Meals will continue to be provided for those on site, those in receipt of free school meals who are not on site will either be provided with vouchers or food for the time the pupil is isolating, or the school is restricting attendance.</p> <p>As part of the school remote learning plan, details will be held of who requires a device to be provided. These will be available to be collected from school or, if there is prior warning, they will be distributed prior to class/school closures. Part of the wellbeing calls will be to monitor this provision and pupil access to the remote learning so that support can be given as required.</p>				

### Stage 3 – Stand-down

The stand-down stage is triggered when the outbreak is over, usually 14 days after isolation of the last case. Measures introduced by local Director of Public Health will also be kept under review and should be stood back down when local transmission advice allows.

After standing down, Stage 1 activities will resume for prevention and preparedness of further outbreaks.

*The actions/controls to be taken are outlined below, including how the actions taken/control introduced will be removed and should be viewed alongside our **Managing Respiratory Infections, Including Coronavirus (COVID-19) Risk Assessment**:*

What do you need to do?	How will you do this?	Who will do it?	When will it happen?	What supplies or resources are needed?	Other considerations
Evaluate, review and amend the school's COVID-19 Operational Risk Assessment in light of any learning.	The headteacher will work with the LA to ensure pupils only return to school when it is safe for them to do so. Where advised to do so by a Director of Public Health and/or the local HPT, the school may encourage staff to undertake LFD tests at home prior to their return to school and/or for a period of time following their return. The school will continue to recognise that testing is voluntary.	DA	After a period of self-isolation, or the relaxation of restrictions	None	Timely communication with all stakeholders.
Communicate changes to the school's COVID-19 Operational Risk Assessment to all stakeholders.	The headteacher will inform staff, pupils and parents, prior to the return to school, whether any further restrictions, such as the use of bubbles and face coverings, have been resumed.  After a period of self-isolation, or the relaxation of restrictions, the headteacher will inform parents when their child will return to school.	DA	After a period of self-isolation, or the relaxation of restrictions.	None	Timely communication with all stakeholders.
