HEALTH, SAFETY AND WELLBEING**

The document has 4 parts;

Part A - Introduction

Part B - The Health and Safety Document Statement

Part C - Management Arrangements

Part D - The detailed arrangements & procedures for Health, Safety and Wellbeing within Shobnall Primary & Nursery School.

Part E - The Key Performance Indicators.

A. Introduction

This document statement complements (and should be read in conjunction with) the [JTMAT Health, Safety & Wellbeing Policy Statement](#). It records the local organisation and arrangements for implementing this policy.

B. Procedure Statement

The requirement to provide a safe and healthy working environment for all employees is acknowledged and the Shobnall Primary & Nursery School Governing Body and Trust recognise and take responsibility for compliance with the statutory duties under the Health and Safety at Work etc. Act 1974.

The Local Governing Body will ensure so far as is reasonably practicable that:

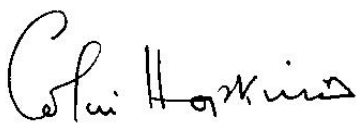

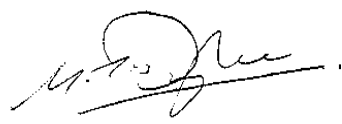

- all places and premises where staff and pupils are required to work and engage in school activities are maintained in a condition which is safe and without risk to health (this includes the health and safety of persons on the premises or taking part in educational activities elsewhere).
- all plant and equipment is safe to use and that arrangements exist for the safe use, handling and storage of articles and substances at work.
- appropriate safe systems of work exist and are maintained.
- sufficient information, instruction, training and supervision is available and provided to ensure that staff and pupils can avoid hazards and contribute in a positive manner towards their own health and safety and others.
- a healthy working environment is maintained including adequate welfare facilities.

In addition to the above the school will ensure that so far as is reasonably practicable that the health and safety of other non-employees is not adversely affected by its' activities.

Employee involvement is an important part of managing safely, and consultation on health and safety with employees and employee representative's forms part of this document.

These procedures and the accompanying organisational arrangements supersede any previously issued.

E. Health and Safety Key Performance Indicators (KPI's)

It is important that school leaders, governors and managers can monitor the health and safety performance of their school in order to determine where progress is being made and where further actions and resources may be required.

An annual report to the Governing Body outlining achievements against the H&S plan and annual KPI's (this report will contain a summary of accident and ill health statistics for the current year and will suggest health and safety targets and priorities for the forthcoming year).
