

Sports Premium Report for Shobnall Primary & Nursery School **September 2023 – September 2024**

Sports Premium Report

Shobnall Primary & Nursery School appreciates the contribution of PE to the health and well-being of its children. We also acknowledge that a broad, balanced, high quality curriculum, the development of healthy, active lifestyles and extra-curricular activities have a positive impact on concentration, attitude and achievement.

The whole team is committed to ensuring that all pupils receive a minimum of 2 hours of PE per week, delivered by well-trained and enthusiastic teachers. The Sport Premium funding allows us to develop a sustainable improvement in teacher confidence and a curriculum based on developing children's physical literacy skills.

Please note that 7/12 of funding allocation (September 2023 to March 2024) is received from the Secretary of State on 31 October 2023 = £10,424
Please note that 5/12 of the remaining funding allocation (April 2024 to August 2024) is received from the Secretary of State on 30 April 2024 = £7,446

What is the Sports Premium?

All young people should have the opportunity to live healthy and active lives. A positive experience of sport and physical activity at a young age can build a lifetime habit of participation and is central to meeting the government's ambitions for a world-class education system.

Physical activity has numerous benefits for children and young people's physical health, as well as their mental wellbeing (increasing self-esteem and emotional wellbeing and lowering anxiety and depression), and children who are physically active are happier, more resilient and more trusting of their peers. Ensuring that pupils have access to sufficient daily activity can also have wider benefits for pupils and schools, improving behaviour as well as enhancing academic achievement.

The [School Sport and Activity Action Plan](#) set out government's commitment to ensuring that children and young people have access to at least 60 minutes of sport and physical activity per day, with a recommendation of 30 minutes of this delivered during the school day (in line with the [Chief Medical Officers guidelines](#) which recommend an average of at least 60 minutes per day across the week).

The PE and sport premium can help primary schools to achieve this aim, providing primary schools with £320m of government funding to make additional and sustainable improvements to the quality of the PE, physical activity and sport offered through their core budgets. It is allocated directly to schools so

they have the flexibility to use it in the way that works best for their pupils. The [PE and sport premium survey](#) highlighted the significant impact which PE and Sport has had in many primary schools across England.

Monitoring and Evaluation

- This report will be updated at the end of each academic year to identify the success of the above initiatives and the impact that they have had.
- Delivery will be monitored by the PE Subject Leader in the first instance. This will be overseen and managed at senior level by the Headteacher and Deputy Headteacher.
- Monitoring will include observations of teaching, drop-ins to clubs run by school staff, volunteers and outside agencies to ensure that provision is of high quality.
- **Evidence and Impact** review comments for 2023-2024 are contained with the planned spending for each of the Key Indicators in red.
