This week in Nursery we have been continuing with our learning on Goldilocks and the three bears. We have been investigating 'What makes a good bed' and have been thinking about why Goldilocks particularly enjoyed sleeping on baby bears bed. We tested out a range of beds and explored the different textures of the materials. We then agreed as a team if it was making a good bed or a bad bed.

To continue this theme, I would like the children to design and make a chair or a bed using junk modelling materials for baby bear. It can either be small, medium or large in size and you can decorate it using different media, be as creative as you like! The children's creations will go on display as part of our Open Evening showcase in November!

I look forward to seeing all your lovely creations!

Many thanks,

Mrs Lukman
