Wednesday 18<sup>th</sup>  
October

Hopefully you have received the letter with details regarding the art and craft afternoon on **Thursday 9<sup>th</sup> November at 1:30pm** which, was sent home with your child today.

In preparation for this I would like your child to complete a design for the home they would like to create. This should be a drawing with labelled features including the different materials that will be needed such as junk modelling materials, paint colours, embellishments etc.

Keep in mind that not every home is a house, explore various types of homes with your child and complete your own design together. This could be a castle, windmill, cottage, campervan etc. You could also add your own unique features- please be as creative as you wish!

As always please make comments about your child's engagement with the activity via Evidence Me. Send the completed home design into school as this will be used on the craft afternoon to support your modelling.

Many thanks,

Miss Alexander
