Please complete
homework by
Wednesday 24th
January.

This week in Nursery, the children have been learning to recognise three and have been practicing to count to three. The children have been busy helping making a plate for the big bad wolf by counting three of each food items for him.

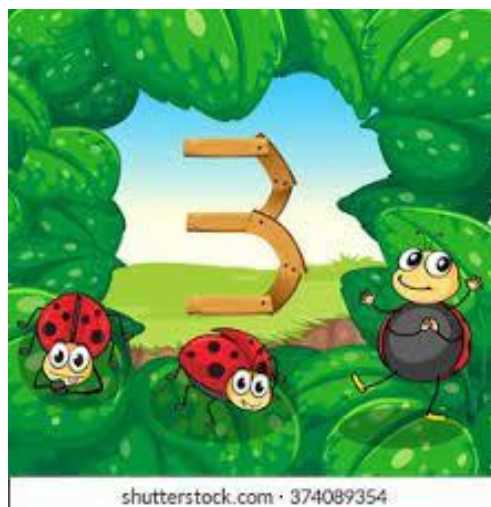

For home learning this week, I would like the children to go on a Number three hunt to find the numeral three and a set of three objects.

I will look forward to seeing your child's progress with their recognition of three

Happy hunting!

Many thanks,

Mrs Lukman
