

Friday 23rd February 2024

Please complete
homework by
Wednesday 28th
February 2024.

This week in Nursery we have begun our new topic on 'All Creatures Great and Small' with a themed week on pets. The children have had lots of fun learning about pets and how to look after them when they get sick. They have been taking care of our toy pets; showing great care whilst treating them at the vets.

For this week's home learning we would like you to collect either a stone from your garden and turn it into a special stone pet or alternatively use junk modelling materials to create your very own pet.

You could create your chosen pet on a real animal or an imaginary pet. Could you also make a home for your pet? There are some ideas attached on the next sheet for you too.

Be as creative as you can, using any media that you have available. Could you please bring your completed pets into Nursery so that the children can share their work with the class.

Have a lovely weekend.

Many thanks,

Mrs Lukman
