

Friday 26th April 2024

homework

The children are having lots of fun exploring our 'It's a Bugs Life' theme and learning about a variety of minibeasts.

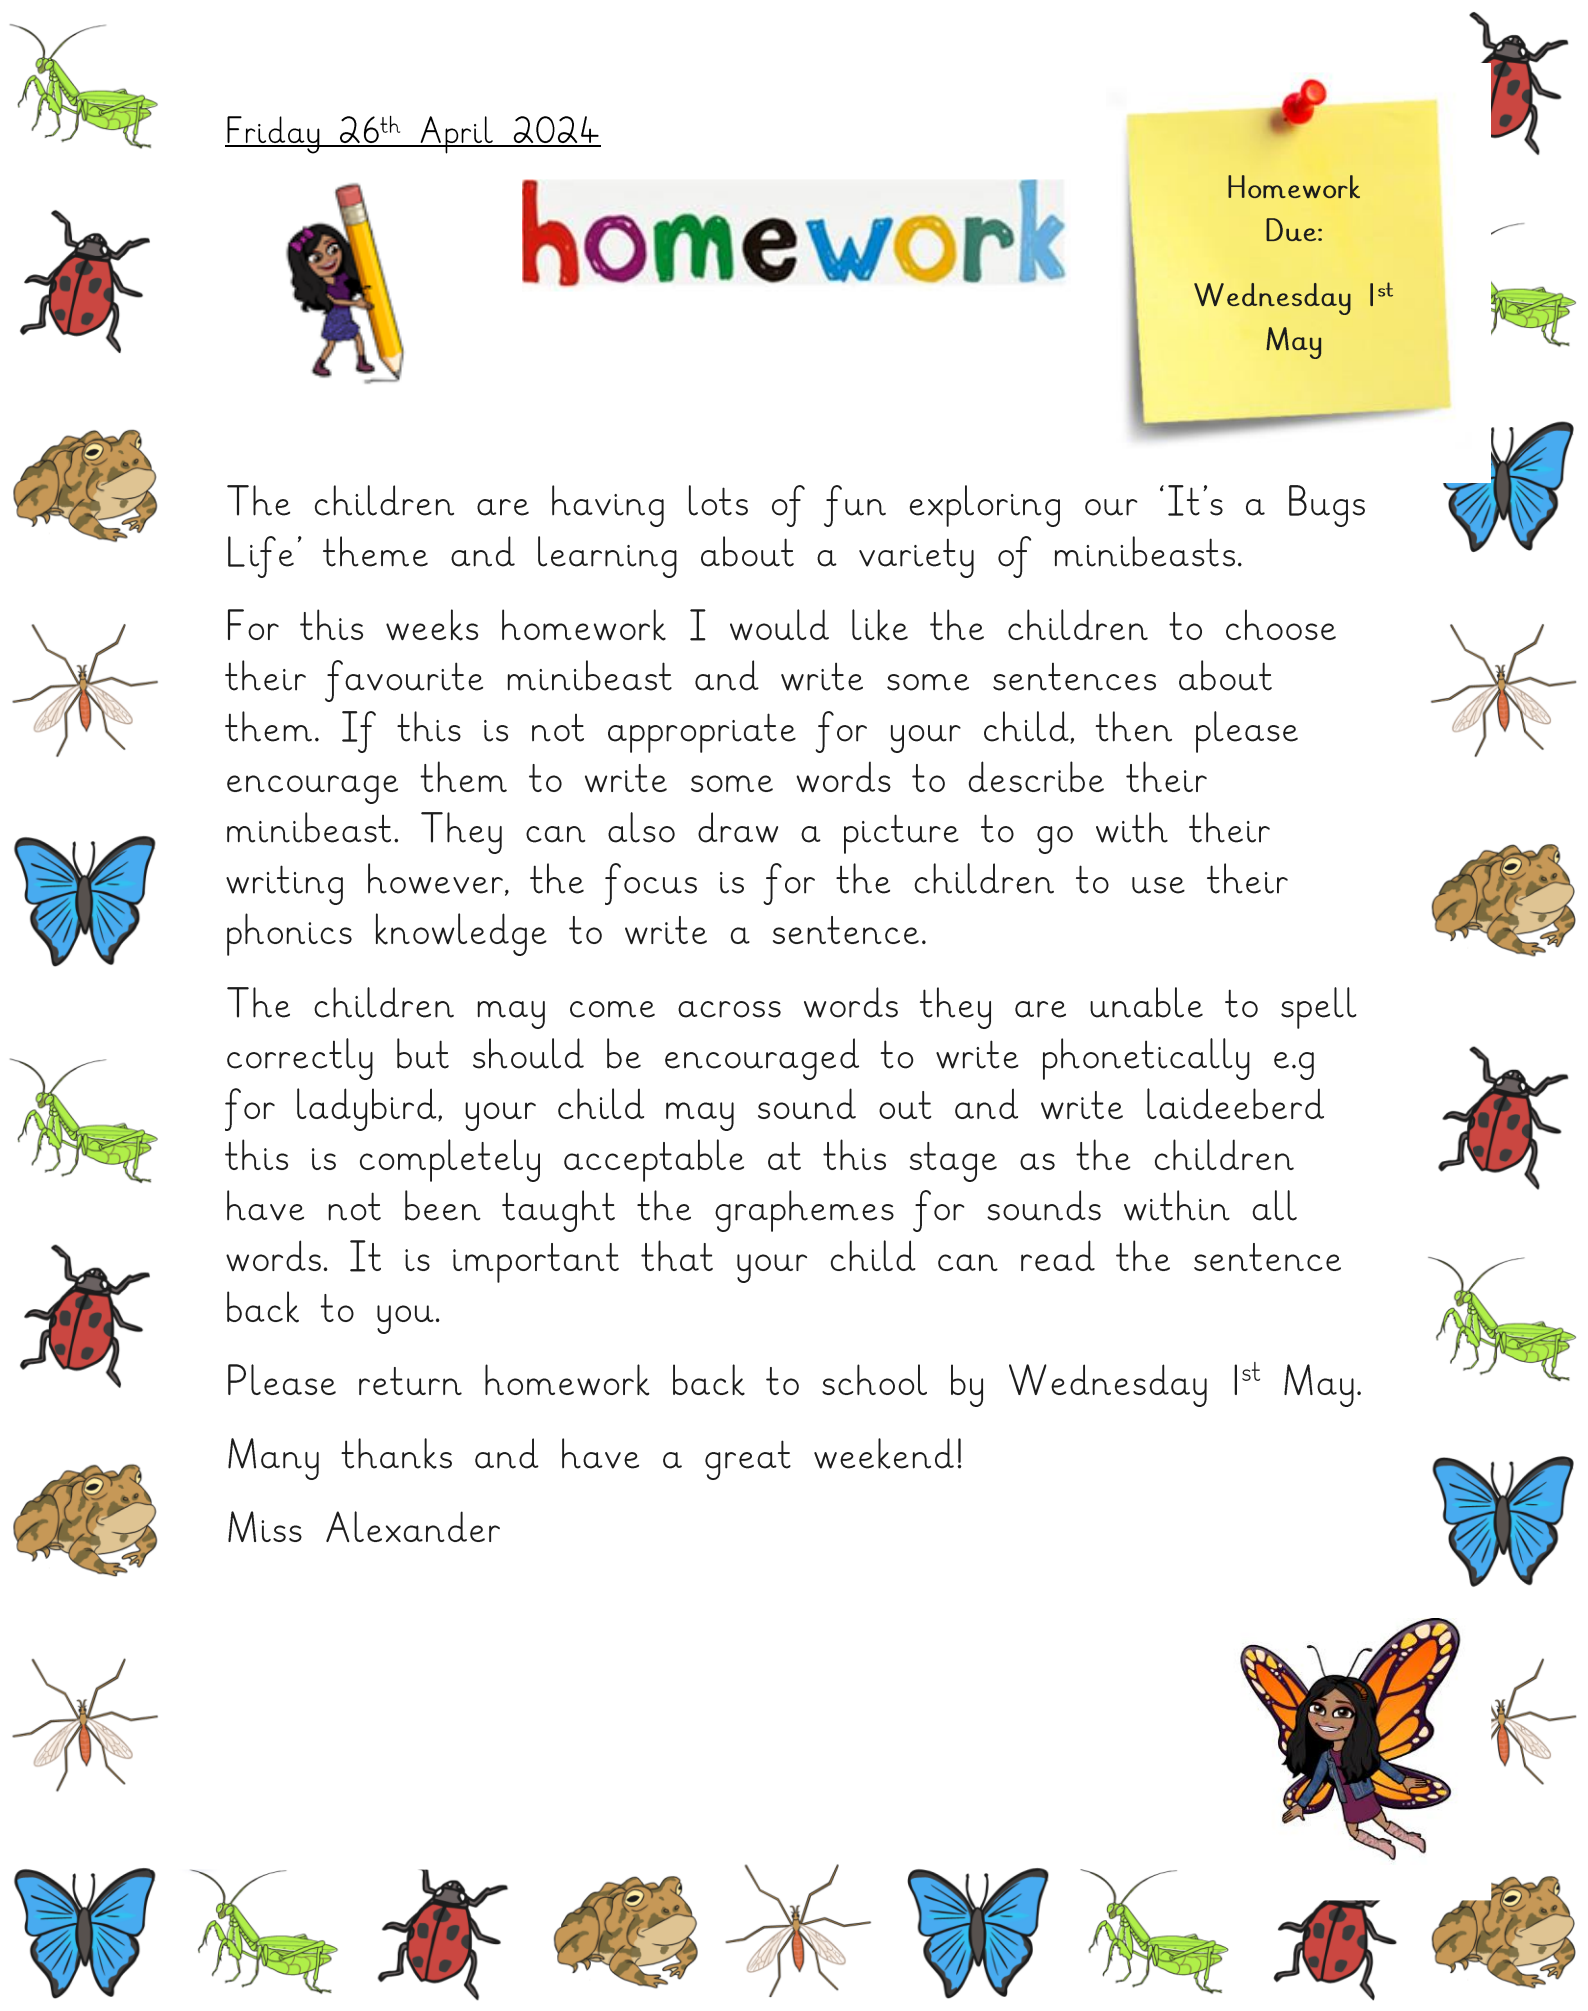

For this weeks homework I would like the children to choose their favourite minibeast and write some sentences about them. If this is not appropriate for your child, then please encourage them to write some words to describe their minibeast. They can also draw a picture to go with their writing however, the focus is for the children to use their phonics knowledge to write a sentence.

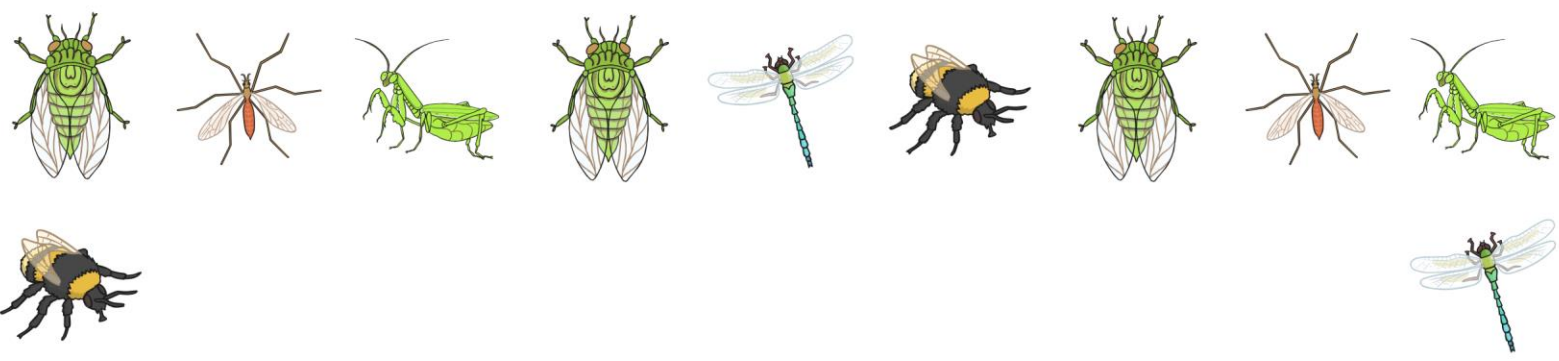

The children may come across words they are unable to spell correctly but should be encouraged to write phonetically e.g for ladybird, your child may sound out and write laideeberd this is completely acceptable at this stage as the children have not been taught the graphemes for sounds within all words. It is important that your child can read the sentence back to you.

Please return homework back to school by Wednesday 1st May.

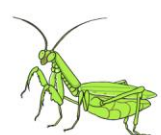

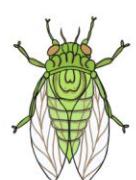

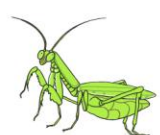

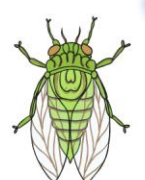

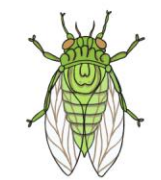

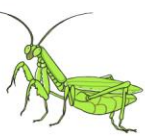

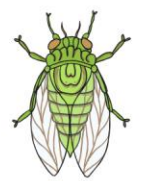

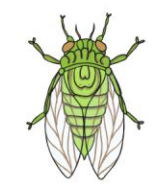

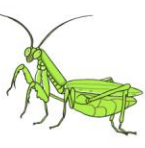

Many thanks and have a great weekend!

Miss Alexander
