Please complete  
homework by  
Wednesday 19<sup>th</sup> June  
2024.

This week in Nursery we had an amazing time at our EYFS/KS1 Sports Day! To continue the theme of sports, I am setting the children a physical challenge to practice their aiming and under arm throwing!

You will need to find 5 items that can be safely thrown, pairs of socks will work just fine, and something to aim them into, such as a washing basket.

How many socks can you throw into the washing basket? If you want to add a subitising element, you could record your scores on a 5 frame, for example, to keep a record of your progress!

To make it more challenging increase the distance of the washing basket or change the basket for something smaller, like a bin!

Who can score a perfect 5?

Have fun!

Many thanks,

Mrs Lukman
