

## Reception and Nursery

### My First Piece of Homework

Dear parents,

When children first start school, even the most confident of children can be shy or a little reluctant to talk to staff they are unfamiliar with. To help to overcome any shyness and to 'break the ice' during the first week, we would like to offer your child the opportunity to create an 'All About Me Poster' at home. The poster could contain drawings or photographs, which will help us to get to know your child better and get them chatting happily to staff and children. It could include information about family, friends, favourite books and activities and places that mean something significant to your child. Some examples of possible layouts are shown below however the possibilities are endless! We have also attached some pictures of some examples of some posters to help you with some ideas!

Please could we ask that the posters are no larger than A4 in size as we would like to use them to form part of a class book. Please be as creative and colourful as you wish.

We hope you enjoy creating this special poster together. We look forward to your child sharing it at school and getting to know all about them.

Many thanks,

Miss Alexander and Mrs Lukman
