

Friday 15th November 2024

This week's homework will be focussed on phonics. Today your child has brought home a playdough mat, images and a small bag of moon dough.

The children were very excited to create their own moon dough inspired by our new theme, 'Sparkle and Shine.'

I would like the children to look at a picture and sound out the word. Encourage your child to use their segmenting fingers bus b-u-s. Then make the graphemes (letters) using the dough on the mat. Use the graphemes in the phonics wallet if your child is struggling with formation.

Your child may only hear the initial or initial and medial sounds. Please allow them to create the sounds they hear and then support them in completing the word correctly.

If your child is unable to hear any sounds. Support them using the initial sound of each picture using phonics cards.

Please complete by Wednesday 20th November. Mats, pictures and dough do not need to be returned. Comments and photographs can be added via ClassDojo messages.

Many thanks and have a wonderful weekend,
Miss Alexander
