

Friday 13th December 2024

This week's homework will focus on phonics.

Activities brought home:

I spy phonics and count- please support your child to sound out and blend the words. Then see how many of the items they can count in the picture.

CVC writing- encourage your child to segment the word using their fingers and then write the word. Refer to the graphemes in the phonics wallet and formation phrases to support this.

If your child can only hear the initial sound- c in cup then they only need to write c. You can model the full word after their attempt.

If appropriate encourage your child to write a simple sentence using tricky words and decodable words containing phonemes taught to date e.g. The cup is hot. His hat is big and red.

Images show- cup/ log/ tag/ bag/ doll/ hat

Please complete and return to school by Wednesday 18th December.

Comments and photographs can be added via ClassDojo messages.

Many thanks and have a wonderful weekend,
Miss Alexander
