

Friday 17<sup>th</sup> January

We ended our week with the fabulous story, 'Commotion in the Ocean,' by Giles Andreae. The children are eager to continue this next week as we explore sea creatures as part of our theme, 'On the High Seas!'

I would like you to support your child in researching their favourite sea creature and find at least 2 facts about them. I would also like them to create a piece of art to represent their chosen sea creature. This could be a painting, drawing, collage or model made from junk or construction materials.

I am very excited to see which sea creature your child chooses.

Please send completed work to school by Wednesday 22<sup>nd</sup> January. Comments and photographs can be added via ClassDojo messages.

Many thanks and have a wonderful weekend,

Miss Alexander
